**** A Note On Construction Before You Begin ****

Do NOT cut down the center of the guides on the following sheets. In all cases, a guide's *edge* will align with the edge of a game piece. Each guide has two edges, so make certain before you cut that you're using the one that lines up with a game piece.

**** WHAT TO PRINT ****

Pages 2 & 3 : Sub-Boards – Print 2 copies of each of these pages for a total of 4 Sub-Boards.

Pages 4 – 9 : Battle Cards – Print one copy of each of these pages for a total of 23 battle cards.

Pages 10 – 13 : Labyrinth & Money Making Game Cards – Print one copy of each of these pages for a total of 8 Labyrinth Cards and 8 Money Making Game Cards.

Each piece is two-sided in the original game, but the second side is not required if you're trying to save on printing costs. For one-sided pieces, you only need 4 copies of Page 14.

Page 16 : Game Die and Ganon – Print one copy of this page. I have included 4 additional copies of the game die faces for constructing additional dice.
